## Summary

Hello, I'm Vishal Prasanna J, and I'm from the scenic Nilgiris. I am currently pursuing a Bachelor of Science in Computer Technology (BSc CT), with a strong specialization in Java, Python, Cyber security, DBMS, and C++. My educational journey began at St. Joseph's Boys Anglo-Indian School in Coonoor, where I developed a solid foundation in academics and a curiosity for technology. In addition to my technical expertise, I am also a guitar player and have a passion for cooking. Growing up in the serene hills of Nilgiris, I've cultivated a unique blend of analytical and creative skills, which I apply to both my studies and personal pursuits. I'm excited to continue exploring the intersection of technology and creativity as I advance in my career.
